January 15, 1976

Mr. Angus Theurmer
Central Intelligence Agency
Washington, D.C. 20505

Dear Mr. Theurmer:

You have been most gracious, and I refer to that in my letter to Mr. Colby, which I enclose for your information, and handling in direct contact with him.

Do hope that everything in Mr. Colby's future is destined to be wonderful for him, and that, unless you are remaining with CIA, that you likewise will have even more rewarding years ahead in every respect.

As the future unfolds, I shall be most grateful for the adherence to March 14 for us here in Palm Beach for Mr. Colby, unless of course it should turn out that on that day he is in some new post out of the country.

It certainly will be a pleasure to meet you, Mr. Theurmer, and I hope this develops in the near future, for it is so evident that you are quite an outstanding man. Let me again thank you for the kind attention and cooperation you have shown me in connection with arranging for Mr. Colby's coming here.

With my great appreciation,
and best wishes,

Frank Wright
